

December 1, 2020

Hello Piedmont Park Church Family,

Our church in business session met last night to discuss our options for online versus in building worship services. Because of the high infection rate in Lancaster County, CVC and Northside have also voted to be online at this time.

After much discussion and prayer, the church voted last night to stay online until the Covid Dial moves down to Orange or lower. Everyone wants to get back to worshipping together in the building, but because of concerns for the safety of volunteers and for the health of our community we decided to stay online for a while longer.

However we did also vote that small groups can meet at the church if they agree to follow the guidelines of wearing masks and socially distancing and not exceeding 25% capacity of a room.

If you would like to host a small group at the church Sabbath morning, please let me know so that we can schedule who will be where and so we can have the heat turned on as well.

These are trying times. It is easy to become distant. We have to work with the Lord to stay together and to support one another even if we disagree about things right now. Let's continue to reach out to each other. Let's continue to support one another. And as Grace Whitehill prayed last night, let's pray that Covid would go away soon.

God bless you.

Pastor Michael
