

June 17, 2020

Hello everyone,

We will be using our church building for the 11 am Worship Service starting this Saturday, June 20, 2020. A few things to keep in mind.

If you are feeling sick or have a fever - please stay home. Please take your temperature before you come to church. If you are sick, think of others and rest at home and enjoy our online worship service and Sabbath School.

Sabbath Schools will not be happening in the building yet. That will start sometime in the future.

We will only use the Entrance on A Street. When you arrive the Deacons will usher you to your seat.

We will be social distancing, so please respect others' space. Send your love and greetings from 6 feet apart.

We strongly recommend wearing masks. No one likes wearing them, but please think of others who will feel safer if you are wearing a mask. We will have masks at the church if you need one.

We will have music in the service, but we ask for the time being that the congregation does not sing along.

When the service is over the deacons will usher everyone out of the building similar to what we do with weddings.

Thank you for your support and giving in these difficult times. Our church budget year will be ending in a couple of weeks and we are hoping to be in the black with the budget on June 30. Please give as you are able either online or by sending your gift to the church address 4801 A Street.

Please pray for our church family. These are not easy times and we all want things to get back to normal, but we want to keep everyone as safe as we can too. Thank you for your understanding and care for each other.

May God bless you.

Pastor Michael

Lead Pastor Piedmont Park Seventh-day Adventist Church
